

TERRACORPS

TerraCorps is an AmeriCorps affiliated start-up environmental non-profit preparing and mobilizing emerging leaders to help communities gain access to and conserve land for people and nature. Working at the intersection of the land conservation and urban agriculture movements, our vision is to create a future where land is the foundation of health and well-being for ALL people in EVERY community.

This year's TerraCorps program will support up to 60 full-time AmeriCorps Members across Massachusetts and Rhode Island each serving in one of five positions: Land Stewardship Coordinator (LSC), Land Conservation Coordinator (LCC), Community Engagement Coordinator (CEC), Youth Education Coordinator (YEC), or Sustainable Agriculture Coordinator (SAC). Members will serve in full-time, 11-month terms (August 29th, 2022-July 28, 2023) in which they complete at least 1,700 hours of service with one of our partner organizations. Members receive a living allowance, education award, and additional AmeriCorps benefits (see full list at end of announcement).

The Salem Pantry will host a Land Conservation Coordinator for the 2022-23 service year. Information about all TerraCorps positions is available at <https://terra Corps.org/>.

Community Engagement Coordinator with The Salem Pantry

The Salem Pantry
27 Congress Street
Salem, MA 01970
thesalempantry.org

The Salem Pantry (TSP) works collaboratively to empower our diverse local and regional communities by ensuring the essential right to convenient and reliable access to healthy food. TSP is currently in a growth phase as an organization, with new leadership in place, a newly approved mission and strategic plan and in the process of building a new storefront pantry location. Combined with an engaged Board of Directors, the small Pantry staff works closely with local farms, partner organizations and countless volunteers to operate its programs. This year, TSP is excited add a TerraCorps Service Member to our team.

Community Engagement Coordinators (CEC) build the long-term capacity of their Service Sites by developing and leading culturally inclusive programming, events, and volunteer opportunities that provide broad social and environmental benefits to underrepresented beneficiaries. Member projects address inequities in public health, economic opportunity, education, land accessibility, and environmental sustainability. Through engaging diverse peoples and collaborating with community partners, CECs build bridges that reinforce the connection between land and a sustainable social, economic, and environmental future for all people.

TerraCorps Members engage with their supervisors to develop and carry out three or more capacity building projects over the course of the service year. Some of these projects will involve recruiting,

training, and/or managing community volunteers. **The Salem Pantry has proposed the following potential project(s) for their Community Engagement Coordinator:**

1. Further development of the nutrition component of TSP's Food is Medicine collaboration between local health providers and nutritionist consultants
2. Expansion of TSP's local produce access program, building stronger connection with local farming organizations
3. Design new outreach engagement strategy in collaboration with local social service organizations

Development of these and other projects will occur during the first two months of service and consider the Member's interests and skills.
